Dance Floor Decals

Jazz up any reception hall with our Wedding Dance Floor Decal. Classically designed, this wedding day decoration is an incredibly unique way to customize your setting! Because each one is exclusively crafted for every bride and groom, every medallion is as exclusive as the love it represents. Simply add it to the middle of a dance floor to encourage eyes (and feet) to gather together and dance, dance, dance!

Details: Decal measures 50 inches in diameter. Materials: Vinyl and removable, low stick materials.

Personalization Options: The Wedding Dance Floor Decal may be personalized with two block first names (max of 12 characters per name) and numeric date in your choice of styles. Personalization ink varies with background color. See samples. Item will be applied to the dance floor by your DJ, or we can send to you and you can apply to any location. **Please allow up to 4 weeks for ordering.**

Please make sure your style and all spelling to include date is correct. Once order has been placed, no refunds can be made due to errors in spelling or style or date chosen.
